RE: Kettle Point Project, Townhomes

Dear Ms. Sherril,

I have reviewed the revised material submitted for the A&R Town Homes.

The Architects have substantially improved the design from the first iteration and have incorporated most of my suggestions from the December 6th conference call.

I feel the current design is consistent with the original approved design for these units in terms of massing, detailing and presence on the street-scape.

I would be happy to discuss these items further if there are any questions.

Sincerely,

A handwritten signature in black ink that reads "Glen S Fontecchio".

Glen S Fontecchio, Architect
